KEITH BUCK, Gen. Manager

January 11, 1965

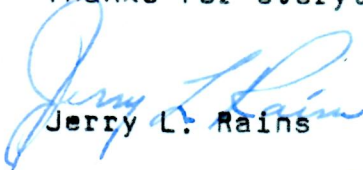

Dear Carl

I have no record of your report of November 3, 1962 however, I will take you at your word and say that you received our station..

I just started to take notice in such reports the first of the year. Since I have a map with all the locations which we have been picked-up marked on it. It is very interesting for me and the ones such as yourself that receive us.

So, Carl I will verify your report and say that I am sorry for you not having it before now.

Thanks for everything

Jerry L. Rains
