The General Manager
Radio Station WKLB
106 Richmond Road
Manchester, KY 40962

Dear Sir:

Back on the early evening of January 7th I had a brief opportunity to hear the signal of your your radio station on 1290 kilohertz just prior to 5:30 Central Time. I mailed a report of my reception to the station, but have never received a reply. Thinking that my first letter may have gone astray, I decided to send this follow up. The following are the details of my reception:

- ✓ 5:23 A commercial spot for Manchester Sales & Service.
- ✓ 5:24 Identification Announcement—"Your Country Connection, this is W K L B".
- ✓ 5:24 Recorded Country-Western Music.

I am sorry that this is not a more comprehensive report, but the interference was too great. My receiver is a Kenwood R-1000 and the antenna is a directional altazimuth loop.

If you find this report to be correct and to your satisfaction, I would appreciate receiving a brief letter or card of confirmation. I have some 2,400 verifications, including 60 from the Blue Grass State. Yours would be a most welcome addition to my collection. I am enclosing a stamp for your reply. Thanks for your time.

Sincerely,

Carl W. Dabelstein
