Mr. Carl Dabelstein
12524 "C" Street
Omaha 44, Nebraska

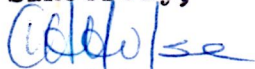

Dear Mr. Dabelstein:

This confirms your reception of WNBS on the morning of November 19th.

WNBS tests with 250 watts, and in regular operation we run 1,000 watts day, 250 night. We series feed a 174 foot vertical, uniform cross section radiator.

Thank you for your report.

Sincerely,

C H Hulse
