5000 WATTS AM - FM 1700 WATTS

PHONE 886-2050 AREA CODE 606

D. C. STEPHENS  
PRESIDENT AND MANAGER

January 26, 1973

Mr. Carl W. Dabelstein  
3300 North 56th Street  
Lincoln, Nebraska 68507

Dear Mr. Dabelstein:

This is to confirm your reception report of November 4, 1972. Your logging agrees with that of the station.

Radio station WPRT - AM is a five kilowatt non-directional daytimer operating on 960 Khz. Antenna is a guyed vertical stainless radiator which is series fed.

Also, operating with the same programming is WPRT-FM which duplicates WPRT-AM 100%. This station operates on 105.5 Mhz. with an ERP of 1.68 Kilowatt.

Thank you for your report which along with others has been very useful to me in evaluating the radiation pattern of the station.

Radio station WPRT AM & FM conducts regular tests on the first Saturday in each month at 4:30am to 4:45am E.S.T.

Sincerely yours,

Harry E. Hale  
Chief Engineer  
WPRT AM - FM.
