*"The Sound of Quality"*

LOUISIANA BROADCASTING SERVICE P. O. Box 571

900 KC.

OAKDALE, LOUISIANA

Mr. Carl W. Dabelstein  
3300 North 56th St.  
Lincoln, Nebraska 68507

Dear Mr. Dabelstein,

I was very pleased to receive your letter of March 7th. KREH was on the air conducting a Frequency Test using a 1000 cycle tone with voice identification at the beginning and end with identification in Morse Code at 3 minute intervals.

As weather conditions are a contributing factor in origination as well as receiving a signal, you may be interested in the following;

Temperature 74 degrees  
Clear skys  
Humidity 42%  
Barometer 30 and steady  
These are from our weather records of March 6th.

KREH conducts a Frequency Test the first Monday of each month. Our scheduled time for April 3rd is 5:45 AM.

Thanking you for your letter, I remain

Sincerely Yours

  
Richard Bradford  
Manager
