Sir:

Thank you for the report of KWDF's signal being received on January 13, 1991 at 5:24 pm. From your report we are able to confirm that indeed you were receiving our signal. In August of 1991 we increased our power to 10,000 watts. We are grateful to acknowledge your report and letter.

We wish to apologize for the delay in returning this confirmation. Your letter was filed in error and just discovered.

In His service,

A handwritten signature in brown ink that reads "Rich Dupree".

*Rich Dupree
Station manager*
