Dear Carl:

Your description of frequency check is very accurate (check made 0145-0155 Friday, Sep. 23 '77). We use a recording of an old-style Telco dial tone to make identification easy for our consultant to distinguish.

We make the check monthly, 4th Friday from 0145-0200 Central time, and frequency is checked by Claude Gray in Birmingham, Alabama.

Sincerely,

Donald H. Smith
