Mr. Carl Dabelstein
12524 "C" Street
Omaha, Nebraska, 68144

Dear Carl:

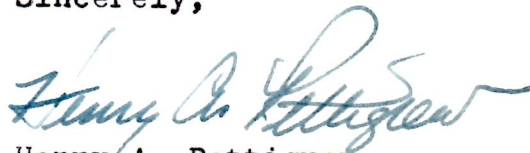

I appreciate very much your report of reception of WSHO on June 10, 1965, during an equipment test.

I went back through our transmitter logs to verify the date and time, which is correct.

With reference to WBOK, it is another station here in town. We simply swapped frequencies with them the first part of 1964. I suggest you write the C. E. of WBOK on Barrone Street, in New Orleans.

I normally do not answer reception reports unless the postage is enclosed, however I am sure you did include it in your first report, therefore I am making an exception in this case. Sorry I can't help you with WBOK, but as I have explained, we are in no way affiliated with them.

Sincerely,

Henry A. Pettigrew,
Engineering Supr.
