Mr. Carl Dabelstein
12524 "C" Street.
Omaha, 44, Neb.

Dear Sir,

Your recent QSL received at Radio Station
W G H N.

Since I was not employed at this station
on the date specified, and don't have immediate access to the
past engineering logs, I must only make my report as follows:

Radio Station W G H N has a regular schedule
with Precision Crystal Service, in Port Huron, Michigan, to con-
duct Frequency tests on the First Saturday of each month.

These tests to be conducted from the hours
of 2:45 AM to 3:00 AM.

Since this information would correspond with
your report, I will verify your report as being correct, for
June 2, 1962.

Thank your club for the many letters we have
received in the past, and thank you for your report.

Sincerely

Charles E. Rich
