Mr. Dabelstein:

This letter is to verify the fact that received our station (KTWN) at 0045hrs on 24 June 1963. Our logs show that a proof of performance was being taken at that time. I'm sorry for the delay but as you suggested, your first letter was most likely lost in the change. Thanks for the patience and good luck to you and your fellow members of the National Radio Club.

Sincerely,

Jerry Stenstadvold
