Dear Mr. Dabelstein;

This is to verify the reception of our station on the 2nd. of May, 1963, from 7:28 to 7:30 pm. I checked our program log, and your report checks out with it.

I am sorry, but we do not have a coverage map available for this purpose. Also, please excuse the tardness of the report. I have been pretty busy and have gotten behind in my correspondence.

Thank you once again for the nice report. If you ever get back up this way, please feel free to stop in and look around.

Very truly yours,

Gerald R. Zolldan
