Carl W. Dabelstein  
8209 West 78th street  
Overland park Kansas 66204

Dear Mr. Dabelstein;

We received your letter yesterday and today  
I checked our Station program log against  
your summary and found it to be accurate.

I am personally familiar with your organization  
all though I am not a member.

For your information, KAAAN-AM went on the air  
just about a week ago, December 4, 1983 and  
this is the first such "DX" inquiry we have  
received. For the past five years we have  
been broadcasting on KAAAN FM, 95.9. Our  
FM power is 3000 watts, so I doubt whether  
you could receive it. Our AM power is 250  
watts on 870. The 870 frequency and good  
soil conductivity in this area has given us  
good signal in Missouri, Iowa, Kansas and  
Nebraska.

Best Regards,

Steven W. Cochren  
General Manager.

**HOME TOWN RADIO FOR NORTHWEST MISSOURI**

P.S. Our studio is in Bethany, our tower is  
near New Hampton. and thus the New Hampton id.
