

October 3, 1979

Mr. Carl W. Dabelstein
8209 West 78th Street
Overland Park, KS 66204

Dear Carl:

Certainly, I am pleased to confirm your reception of KJLA Radio on February 19, 1979.

The description you gave of the programming format was quite adequate to assure that you were, in fact, listening to our station.

During the daytime hours, KJLA operates with 1000 watts of power and at night with 250 watts and a six tower directional antenna system. When we are on night power and pattern we send a minimum amount of signal to the northeast and a maximum to the west.

Thank you for writing and good luck as you listen.

Sincerely,

OSBORN COMMUNICATIONS CORPORATION

Benton H. Weiss

P.S. Carl, please excuse the very late reply to your reception report. We have all been very busy getting the new format going!
