mid-states broadcasting corporation

410 EAST CAPITOL AVENUE, / P.O. BOX 414 / JEFFERSON CITY, MISSOURI 65102

314 635-4136

December 24, 1965

Mr. Carl Dabelstein
12524 "C" Street
Omaha, Nebraska

Dear Mr. Dabelstein:

I am pleased to confirm your reception of our signal on March 21, 1964.

K L I K is a 5000 watt, day time station, located in the capital city of Missouri. We operate from studios at 410 East Capitol Avenue, four blocks east of the State Capitol building. Our transmitter is located west of the city and is an RCA BTA-5T transmitter shunt fed to a 243 foot guyed uniform cross section vertical tower. We operate non-directional and by remote control from our downtown studios.

This station signed on the air March 4, 1954, and has enjoyed good public acceptance in the area. For your further information, we have received DX reports from most of the 50 states and from as far away as New Zeland.

I hope this letter will serve as a confirmation of your reception.

Sincerely yours,

Edmund B. Scarr,
Chief Engineer
