

KOKO 1450 RADIO

WILLIAM C. TUCKER
PRESIDENT

WARRENSBURG, MISSOURI

1000 WATTS

September 27, 1962

Mr. Carl Dabelstein
12524 C Street
Omaha, 44, Nebraska

Dear Mr. Dabelstein:

This letter confirms your reception of KOKO radio, in Warrensburg, Missouri at approximately 12:54 CST on July 21st, 1962.

At this time we were running a test transmission for equipment adjustment purposes.

The equipment in use at the time of your reception consisted of a Gates BC-1T transmitter, running 1000 watts into a 150 foot series fed tower. The console was an Altec-Lansing 230E, and the limiter a Gates Model sa-39A.

Thank you for your complete and informative report.

Sincerely

KOKO RADIO
