Dear Radio DX'er:

Thank you for tuning in! I am glad to report that your reception of KSIV in Clayton Missouri is correct.

It was good to get about 15 responses from fellow DX'ers around the midwest and eastern parts of our great country.

Please look over the enclosed station promotional materials. They are for your enjoyment, sharing, and filing.

We are owned and operated by the Bott Broadcasting Company which owns (now) 5 radio stations: Kansas City Area's KCCV at 1510 AM, Oklahoma City's KQCV at 800 AM, Fort Wayne's Christian Voice WFCV at 1090 AM, St. Louis' KSIV at 1320 AM, and our newest covering the midsouth with a powerful 10,000 watts (soon to be 50,000) WCRV AM 640. "Your Christian Radio Voice for Memphis, TN and the Midsouth." I have just returned from Memphis after a great experience changing another station over...watching another radio station being born! If you havn't witnessed or heard such a thing take place, IT IS an experience you won't forget. Especially if your behind the scenes at the station.

Happy Hobbying & Happy New Year!
