Carl,

As being Chief Engineer
of KTTS I have to say
that I'm really pleased and
interested to hear from you.
The tape you sent is
definitely KTTS, although I don't
just know how you did it.
We are 1000w daytime, 250w nights,
AM and 30000 w FM.
Again I thank you.

Brad Kenney

PS!
I MUST
Add that
KTTS has just
been voted #1 in
