Mr. Carl W. Dabelstein  
1924 South 55th Street #2  
Omaha, Nebraska 68106

Dear Carl:

WMBH is pleased to confirm your recent correct report of reception of our radio station on April 3, 1967 from 2:33 AM to 2:47 AM, Central Standard Time on 1450 kcs.

WMBH operates 24 hour NSP with 1,000 watts day and 250 watts night time non-directional with a .64 wave length tower. Our transmitter is a Gates BC 1 T which with our automatic level equipment and reverberation unit gives WMBH the best sound and coverage in the area.

Also, WMBH is the oldest radio station in the area - on the air since 1927.

We are pleased to hear from you and any other DX'ers and will confirm all correct reports. Return postage is appreciated, but not necessary. We will reply as soon as possible to each report.

Yours very truly,

JOPLIN BROADCASTING, INC.
