The Chief Engineer
Radio Station W D D T
Box 1618
Greenville, Mississippi 38701

Dear Sir:

I am writing this letter to inform you of my reception of your radio station on 900 kilohertz this evening, December 25, 1981. I happened to be tuning across the frequency at 5:00 p.m. Central Time and heard the tail end of your sign off announcement. The following is a summary of my reception at that time:

5:00 Sign Off Announcement-"...The staff and management of W D D T wish you and yours a very pleasant good evening. By the way, keep it Country."

5:00 Recorded Identification Jingle-"W-D-D-T"

Although your signal was in very briefly, it was completely on top of the frequency. My receiver is a Kenwood R-1000 and my antenna is a 12" ferrite core altazimuth loop.

If you find that this report is correct and to your satisfaction, I would very much appreciate receiving a brief letter or card stating that my reception of W D D T is verified. I have 2,112 verifications, including 44 from Mississippi(including both WGVM and WJPR). Yours would be a most welcome addition to my collection. I have enclosed a stamp for your reply. Thank you for your time. The best to you in the new year.

DEAR CARL,

I'M ANSWERING ON YOUR LETTER BECAUSE I WORK FOR SEVERAL RADIO STATIONS AND DO NOT HAVE ANY OF THE WDDT STATIONARY....YOUR REPORT IS ACCURATE AND WE ARE ALWAYS GLAD TO HEAR FROM YOU. GOOD LUCK.....

Very truly yours,

Carl W. Dabelstein
