Dear Mr. Dabelstein:

I regret that your letter with regard to our frequency check arrived right at the time we were so busy with our Christmas programming and was consequently set aside until I could get to it. This letter is to confirm your reception of Radio Station WHOC from three to three-fifteen A.M. the morning of December 20, 1973. We had an inversion move in, in connection with the weather about the time of the Frequency Check and this quite possibly had to do with why you got such good reception. Oddly enough, most of our requests for verification come from an area of Kentucky Northeast, with the greatest concentration in Pennsylvania. You might like to know that we have received verifications from New Guinea, Hawaii, Dutch East Indies, and one from Germany. I have no explanation as to how they got it.

I appreciate very much your letter and your telephone call.

Thank you very sincerely.
