Mr. Dabelstein:

Please accept this letter as confirmation of your reception of WRBC, 1300 KHZ, 2/3/72, from 5:58 - 6:03 P.M. CST.

To give you a rundown on the equipment used on WRBC we have QRK turntables, Collins console, Spotmaster "5-SPOT" cart equipment, and a Gates 5 KW transmitter. At the time of your reception, we were using a Collins 1 KW transmitter (night xmtr) non-directional, using ancient open-line feed to our 324' tower.

Thank you for your report, and if you hear us again in your area, please drop a line.

Sincerely,

Robert Webb (WA5CAC) !
Audio Engineer
