Karl Dabelstein  
Omaha, Nebraska

Dear Mr. Dabelstein:

This is a letter to verify your reception of Radio Station KUTT as noted in your report.

During the times mentioned KUTT was conducting a standard test of over all distortion under average modulation conditions as well as freq. measurements.

I am extremely sorry that this report does not reach you sooner but I have been on vacation and returning to two TV stations as well as this radio station means plenty of work.

Goodluck to you in your hobby and KUTT is pleased to be added to your list of received stations.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "Donald Clausen", written in a cursive style.

Donald Clausen
