Dear Mr. Dabelstein:

This will verify your reception report of KCSR, Chadron, Nebraska, on December 23, 1962 on 610 kcs. We are conducting nightly frequency tests on the new frequency pending installation and testing of our frequency monitor.

Reference your question on KNOP, I do not beleive the station is on the air as yet.

KCSR changed frequendy to 610 kcs. on December 10th and increased power to 1000 watts.

Thanks very much for your report, and best wishes for good dx'ng in the new year.

Very sincerely yours,

Frank Allen, Chief Engineer (WØGGP)
