

KEDS - KEZO

January 6, 1986

Mr. Carl W. Dabelstein
8209 West 78th Street
Overland Park, KS 66204

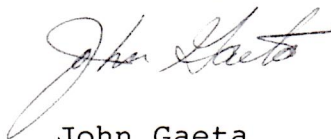

Dear Carl,

This is to verify your reception of KEDS
radio on December 22, 1985.

The station has a long history in the
Omaha market. KEDS is now owned by Albimar
Communications out of Boston. They have owned
the station, along with KEZO since September of
1983. KEDS up until April of 1985 had been a
country station for years. Then in April, it was
changed to a Classic Hit format. The station is
a 1k watt class IV station. We use a Harris MW1
transmitter feeding a 212 foot tower at 38th and
Wright Street in Omaha.

Thank you for your reception report. If
you are ever in Omaha, come to the studios at
11128 John Galt Blvd., and I would be happy to
give you a tour.

Sincerely,

John Gaeta
Chief Engineer
