Omaha 44, Nebr.

Dear Sir:

This is to verify the reception of Radio KGFW at 7:00 Am CST on July 20th, the year 1962. KGFW operates with a power output of 1000 watts during the daylight hours. At the time of the above mentioned reception, KGFW was using their Kilowatt.

The transmitter at KGFW is an RCA BT-1R1 using a pair of 4-400A in parallel. KGFW first come on the air from Ravenna, Nebr. using a power output of 10 watts. This in the year of 1927.

Thank you for the interest shown in KGFW.

Very truly yours,

W. J. Abbott WØILF
