Dear Mr. Dabelstein,

This will confirm that KNEB was on the air with tone at the times you indicated in your reception report for the morning of February 10, 1963. Although you said you could not hear the identification, the information supplied is correct.

Our night time radiation pattern is not favorable for reception in your area, since we protect KMA in Shennandoah, Iowa. The pattern is a figure-of-eight with maximum radiation north and south.

A coverage map is enclosed as you requested. It shows only our daytime coverage.

Thanks for the report.

Cordially,

KNEB *Les Proctor*
