Box 1400 PEONY PARK STATION

OMAHA 14, NEBRASKA

AREA CODE 402 391-5000

September 25, 1962.

Mr. Carl Dabelstein  
12524 "C" Street  
Omaha, Nebraska

Dear Mr. Dabelstein:

This is to verify your report of Station WECO of Weco, Nebraska, on Sunday, September 23, 1962, from 0003 to 0015 Central Standard Time.

WECO operates on an unassigned carrier frequency of 880 kcs., with a power output of 2 watts, which is not authorized by the Federal Communications Commission in Washington, D.C.

Our studio and transmitter are located in the East Parking Lot of Western Electric Company Inc., a division of the American Telephone & Telegraph Company. Our tower, at the time of your report, was 40 inches high! The ground system was not at its best.

We at WECO are always happy to hear from our listeners. Please feel free to call upon me at any time.

Your strong voice of WECO:

Mr. Ernest J. Wesolowski  
Engineering & Transmitting; Dept. 425.  
Ex 2196
