Mr. Carl W. Dabelstein
3300 North 56th Street
Lincoln, Nebraska 68507

Dear Mr. Dabelstein,

We are pleased to verify your recent report on the reception of this station in Lincoln, Nebraska during one of our test programs. We conduct a frequency test on the first Friday of every month from 0015 to 0030 local time.

I am surprised to learn that WWBZ is the first New Jersey station you have been able to log, as there are several in the state operating with 5KW.

Thank you very much for the report and best wishes for good DXing during the winter season. Maybe we will contact sometime via the ham bands.

Very truly yours,

Francis C. Fekel, W2EXB
Chief Engineer
