Carl W. Dabelstein
3139 North 65th Street
Lincoln, Nebraska 68507

Dear Mr. Dabelstein:

Thank you for your reception report. KRZY operates on 1450 KHz which, as you probably already know, is a "local" channel on which a great many stations operate with 250 watts at night. It is therefore rather unusual for us to receive reception reports from other states.

Your report does not contain anything which can be checked against the log, but definitely sounds like KRZY. I am satisfied that it was our station you heard.

Good DXing and hope to hear from you again.

Yours truly,

Guy Smith, W5UHP
Chief Engineer
