Dear Carl,

KUBC
MONTROSE
5,000 W - 580 KC

This is to verify your reception report of KVOD on April 12, 1963.

KRAI
CRAIG
1,000 W - 550 KC

I'm sorry your first report was not answered. I have been moved to El Paso since April and quite possibly your report was lost somewhere between El Paso and Albuquerque.

KSLV
MONTE VISTA
1,000 W - 1240 KC

For your files, KVOD is a 1 kw daytime station with a two tower DA. Normal programming is good music with UPI news and weather. The majority of the studio equipment and the transmitter plant is Collins.

NEW MEXICO

KVOD
ALBUQUERQUE
1,000 W - 730 KC

Thank you very much for your report, the information given us by yourself and members of your club is always welcome by standard broadcasters.

KRAC
ALAMOGORDO
1,000 W - 1270 KC

Looking forward to hearing from you again,

Yours truly,

Bob Peticolas
