

WEBR

970 on Radio

December 26, 1972

Carl W. Dabelstein
3300 North 56th Street
Lincoln, Neb., 68507

Dear Carl:

Thank you for your reception report for WEBR.

A check of our log shows that your report is correct.

As your map of the various antenna pattern shows, we have a very deep null in your direction, which is why our signal is so weak at your location.

Thank you for sending me a copy of your map.

Good DX'ing,

Donald Lange
