Dear Carl,

Vy sri abt the late return on ur sig report. I hve just taken over chief eng. this past month. There hve bn 5 engs. mostly part timers passing through this past year so this is probably the reason for no reply.

By the way, yes, I am a ham myself WA1RPK/2 and I wrk all cw on 80 and 40 meters. Checking into the logs I see that ur reception on Nov. 20, 1974 can be verified. Gud luk with ur future dxing and I hope to meet u latter on down the amatuer log book.

Best of wishes  
Paul Sokoll
