The General Manager
Radio Station KBLK
Box 1250
Sapulpa, OK 74066

Dear Sir:

Back on the evening of January 26, 1991, I had the chance to your radio station on 1550 kilohertz this just past 8:30. Shortly thereafter, I mailed a report of my reception, but have never received a reply. Thinking that my report may have gone astray, I decided to send this follow up. The following are the details of my reception:

- 8:35 Identification Announcement-"KBLK, Power 1550".
- 8:35 The announcer gave his name as Jan and said that he had a Freddie Jackson album for the first two callers at 428-4441.
- 8:35 Recorded Soul Music.
- 8:43 Identification Announcement-"1550 AM. The call letters KBLK, the radio station that plays more than 45 minutes of continuous power music every hour."

During my reception you had a good signal with only a trace of interference. How much power do you run at night? My receiver is a Kenwood R-1000 and antenna is a directional altazimuth loop.

If you find this report correct, I would appreciate receiving a letter of confirmation on your stationery. I have nearly 2,400 verifications, including 71 from the Sooner State. Yours would be a most welcome addition to my collection. I am enclosing a stamp for your reply. Thanks for your time.

Sincerely,

Carl W. Dabelstein
