Hello Carl:

Thank you for your reception report. I too enjoy DX although on a very limited basis. I mainly stick with the big guys on SW just to see what kind of propaganda is being spread.

Consider your report on KGCR AM-1570, November 8, 1985 at 5:04pm CST hearby verified and appreciated.....

I am taking care of this matter for my engineer because he is very bad about not answering these matters but I will pass your report along to him for his files.....
