Dear Mr. Dabelstein,

This will confirm your reception report of KNED AM on October 28, 1976, between 6:32PM and 6:37PM, CDT.

KNED AM operates on 1150 kcs., with 1000 watts daytime. 500 watts nighttime with directional antenna at night.

We were operating on directional at the time of your reception.

Our main directional heading is Southwest to protect KSAL.

Thank you for your report and sorry for the delay in answering.

Your first letter apparently did not reach my desk.

Good luck on your future DX work.

Yours Truly

Lee Anderson
Chief Engineer
