

GOLDEN WEST DXERS ASSOCIATION

Headquarters: P.O. Box 5735, Seattle, Washington 98105

DATE 12/25/77

Dear Sir,

Thank you for your recent reception report. We can cannot confirm your reception of KTIL Radio, Tillamook, OR at 0106 PST on the date of 12/19/77, 1977. At the time of your report we were operating on the frequency of 1590 KHz with a power of 5,000 ND watts.

We appreciate reports such as yours, and are always glad to hear from our more distant listeners. If you should hear us in the future, we'd be happy to hear from you again. In the meantime, best of luck in future DX.

Sincerely,

Jeff Lindorff

ADDITIONAL COMMENTS ON YOUR REPORT: WAKR caused quite a problem in your area. I am confirming your report on the basis of the tones and that you heard our announcer soliciting phone calls from listeners. I doubt that anyone else was running anything of this sort, so what the heck. Seasons Greetings and best of luck in future DX.
