Omaha 44, Nebraska

Dear Carl:

Many thanks for your reception report which we are very pleased to acknowledge and confirm. We sure do appreciate getting these reports and are very sorry that your first report was not acknowledged.

No doubt your first report was either lost in the mail which is unlikely or more probably mislaid in our office. We don't have any QSL cards on hand at the present time but anyway this letter will do as well. You may be sure I always answer any of these reports that they give me at the office for personally I really appreciate getting them.

Sincerely yours,

W. P. R. A. Inc.
