Dear Carl:

It was a pleasure for WYNN to assist you and the many other National Radio Club members who participated in our test transmission on November 22, 1976. The information stated in your letter was correct according to our log.

For your information, we have received reception notes from as far away as Provincetown, Mass., Chicago, Ill., Lincoln, Neb. and Tylertown, Miss.

Once again, the pleasure was all ours and we thank you for your interest.

Kindest regards,

James N. Maurer
President, General Manager
