Dear Carl,

First of all I'm sorry that I didn't answer your first letter. Writing letters is not my forte. As poor as I am at writing, however I usually have my Nov. mail taken care by now.

Checking back, your information ~~corroborate~~ is correct. I did run an equipment check on Nov. 4th . Here then is your verification.

Yours Truly,

Joseph Shields  
Chief Engineer

P. S. Thanks for the coffee.
