Dear Carl,

I answered your original report, evidently the confirmation was lost between here and there. I checked and your reception report was entirely correct. Thanks for the honor of being number 51 from Tennessee and number 1,671 from everywhere. I'm always very pleased to hear from you and all your Dxing friends. I'm sorry your initial reception was not completely verified through the mail. I sure hope this one makes it.

I'll be happy to hear from you and your friends anytime. Thanks for the letter, your December 19, 1974 reception was completely correct.

Sincerely,

Jack Williams
