Dear Sir

This is to confirm your reception report of radio station WHLP 1570
KHZ April 8 , Between 6:01A.M. & 6.03 A.M.

The power that you reported is Pre sunrise Power for our station
as you probably know .

Sorry that we did'nt confirm your report the first time ~~YWEXXKEXX~~

I think that your first letter came at a time that we were
not working here .ever so often the boss and i get into ah argument
and ~~we~~ we wind up quitting but we come back for some reason.

We also have an FM station that signs on at 5:00 AM all the programs
are simulcast with WHLP AM .

Hopefully if any of the other members of your club hear this
station some one will be kind enough to confirm~~xxx~~ the reception
we certanly will as long as we are here .

we see by the enclosed letter that you are also an amateur
we are also an amateur with the call WB4PZB at the present time
we are not very active except on six meters we enjoy the summer
skip on six.

altho work has interfered with our hobby in the last couple of
years HI HI

Yours Truly

Ronald Lynch
chief Engineer WHLP/WIKS
