Dear Mr. Dabelstein:

Thank you for your letter. I would like to give you verification since we were on the air intermittantly from shortly after 12:05 A.M. till 6:40 A.M., we did not use a tone.

We did some modification on our RCA BTA 1-S transmitter that morning, but played music when on the air.

I will let you know the next time we are on the air for a test or a frequency measurement.

We will soon be installing a new limiter that will permit us to modulate 125% positive. Will probably do this within a week or 10 days, but will drop you a note.

Thanks for your interest,

Walter H. Herbort, Jr.
