Carl,

KBUY is now KVII radio in Amarillo, as our new owner has used the KBUY call letters to replace the call of KCUL in FT. WORTH.

Your NRC report is greatly appreciated, but I would like to have a later report than 6-2-64.

I have just taken over as chief engineer here as of 12,18-67, and have been trying to catch up on many things that need to be done.

I would like to have you try for another reception of this station. We are still on 1010 kcs, and operate from 0555 to 2400 each day. Some Sunday may be a good time to catch our station as normal procedure is for radio stations to sign on at 0700 on Sundays.

I will put your report on file, and be looking for a later report.

I would also like to try to get you on the ham bands. My call is WA5HIM and I usually work 80 meters at 3.93 mc.

Keep up the DXing and NRC reports.

Regards,

A handwritten signature in blue ink that reads "Ken Skelton".
