Dear Carl,

This will confirm your reception of KIVY at 1290 kilohertz at 6:00 Central Time on February 22, 1990.

The information you heard is correct and is our normal sign off procedure.

It sounds like you have a great collection of verifications and I'm glad we can add ours to your list.

I'm returning your letter to add to your files and your stamp to use another day.

Sincerely,

Jim Gibbs  
Owner/manager
