Daer Mr. Dabelstein,

We here at Kpet are please to comfirm your reception
of KPET at sign on time on Friday, March 13, 1964.

We do not conduct a reauler frequency test, and
there is no reauler tests periods conducted here
as we are only 250 watts.

By the way, Carl I am K5UFL, and ooperate SSB exclusively
around 3970-3980....join in some evenina if you can.

Sincerely,

Marv Williams
Cheif Engineer KPET
