

RADIO SIXTY!!!

December 27, 1971

Mr. Carl W. Dabelstein
3300 North 56th St.
Lincoln, Nebraska 68507

It is our pleasure to confirm your reception of KTBB on
December 21, 1971 at 6:35 PM to 6:45 PM.

At the time you received us, we were operating 1000 watts
into a four tower directional antenna. The major lobe of
the directional is northwest - meaning that Lincoln is on
~~and~~ the edge of the pattern.

I believe yours is the first we have received from Lincoln
and we appreciate hearing from you.

Sincerely,

R. A. Wileman
Chief Engineer
Radio Station KTBB
Tyler, Texas 75701
