Carl Dabelstein
12524 C Street
Omaha 44, Nebraska

Dear Mr. Dabelstein:

Thank you for your letter reporting reception of our station, KURA during June.

This is a 1,000 Watt daytime, 250 Watt night station, non-directional. Regular broadcasting hours are from 7 a.m. to 10 p.m.. Our regular frequency check will be run on each third Saturday morning of the month, between 12:45 a.m. and 1:00 a.m., MST.

Our call letters are KURA; and our station frequency is 1450 kc.

We have recently changed to 1,000 Watts, and don't as yet have any coverage maps.

We are happy to note your good reception and appreciate your writing.

Very truly yours,

Ellen Alger, Secy-Treas.
