Mr. Dabelstein,

I read your letter with a great amount of interest. Just a few weeks ago I received another such letter from Milwaukee, Wisconsin.

You did, in fact, receive WLSO on the morning of Oct 26, 1982. Your information was very precise. ~~As~~ Enclosed you will find some of our station's stickers.

Thanks for your letter.

P.S. Please excuse the handwritten letter, but in the hustle & bustle of political advertising no one has a chance to use the typewriter.
