December 22, 1971

Carl W. Dabelstein
3300 North 56 Street
Lincoln, Nebraska 68507

Dear Mr. Dabelstein:

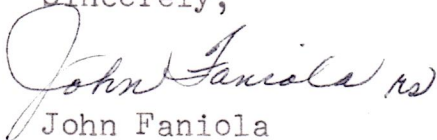

This letter confirms your reception of our station on November 25, 1971 from 6:10 AM until 6:15 AM Central Standard time.

WZAP operates with a power of 10,000 watts with a 22 year old Raytheon transmitter. The antenna is a 280 foot guyed vertical tower.

WZAP are the call letters of the new ownership of last December. The station was originally WCYB.

We certainly appreciate your interest in the station.

Sincerely,

John Faniola
Chief Engineer

JF/rs

10,000 watts cover more than Bristol-Kingsport-Johnson City
