CONFIRMING THE SIGNAL REPORT OF CARL W. DABELSTEIN

LOCATED AT LINCOLN IN NEBRASKA, USA.

ON THE 20th DAY OF MARCH 1972, AT 3:32 AM CST

John Shea, Chief Engineer

Thank you for your report. KATI, owned and operated by Modcam Corporation operates on a frequency of 1400 Khz with a power output of 1000 watts day, 250 watts night. The transmitter is a Gates BC-1T, and the antenna is a 185' tower with 240 ground radials 120' long. KATI is Wyoming's first and only 24 hour a day AM station, and with its excellent antenna and tower location boasts the State's largest Class IV coverage area as well as being Pulse rated as having the largest listening audience in Wyoming.
